PROFESSIONAL EXPERIENCE

General Motors Asset Management **New York, NY**
Institutional asset management company with approximately \$185B under management
Risk Management Intern **Summer 2006**

- Responsible for execution of and management reporting on firm-wide risk programs and analyzing adherence to policies and procedures.
- Performed analysis requiring frequent contact with traders and portfolio and fund managers, assessing responses, and testing that investment processes fulfilled required policies.
- Reviewed internal and external investment management, trading and corporate governance processes to determine compliance with required policies and recommended enhancements.

The Secura Group **Falls Church, VA**
Boutique firm consulting in risk management and U.S. regulatory issues for foreign and domestic banks
Consultant **2005**

- Advised clients on issues of risk management and regulatory compliance, primarily related to the Bank Secrecy Act and USA PATRIOT Act, thereby limiting clients' losses in excess of \$10m.
- Analyzed and monitored asset-liability models for five regional banks and credit unions.
- Wrote business proposals to potential clients, resulting in engagements worth app. \$500k.

Financial Analyst **2004**

- Performed analyses on fixed income and equity securities to value clients' portfolios.
- Updated and maintained two asset-liability models for client banks.
- Conducted research on upcoming "hot topics" in regulatory compliance, helping identify lucrative areas of compliance consulting.

Conoco Inc. **Washington, D.C.**
Now ConocoPhillips, the third largest integrated energy company in the United States
Foreign Affairs Intern **1998-1999**

- Constructed benchmarking study regarding Conoco's relationships with foreign countries; wrote report on findings presented to upper management.
- Worked closely with Manager of Federal Affairs and external lobbyists on issues of strategic expansion and concern.
