Applications Open

CIBER CASE CHALLENGE

November 7-11, 2018 at the University of Connecticut
The CIBER Case Challenge brings students from business schools around the world to compete in an international business case competition.

Each student on the team will represent a different specific functional area in one of the following four business categories: Finance/Accounting, Marketing, Management/Int’l Business, and Operations Management/Info Systems.

Students from different universities will be mixed to form new teams for the competition.

Most expenses paid for team members.

For more information, check out the CIBER Case Challenge website.
Deadline to apply is September 26, 2018 at 11:59pm: https://go.umd.edu/CIBERCase18
